Resource Directory

`draft-ietf-core-resource-directory-18`

Zach Shelby, Michael Koster, Carsten Bormann,
Peter van der Stok, *Christian Amsüss*

2018-12-20

Why -18?

- Changes requested by WG
- Adapting to changed ecosystem
- Reviewer comments
- Findings from plugtest
- Editorial changes to remove ambiguities

Why -18?

- Changes requested by WG: Limited Link Format
- Adapting to changed ecosystem
- Reviewer comments
- Findings from plugtest
- Editorial changes to remove ambiguities

Why -18?

- Changes requested by WG: Limited Link Format
- Adapting to changed ecosystem: no dependency on links-json
- Reviewer comments
- Findings from plugtest
- Editorial changes to remove ambiguities

Why -18?

- Changes requested by WG: Limited Link Format
- Adapting to changed ecosystem: no dependency on links-json
- Reviewer comments: 2.04 on Simple now means all is well
- Findings from plugtest
- Editorial changes to remove ambiguities

Why -18?

- ► Changes requested by WG: Limited Link Format
- ► Adapting to changed ecosystem: no dependency on links-json
- ► Reviewer comments: 2.04 on Simple now means all is well
- ► Findings from plugtest: link-local IPs make unportable URIs
- ► Editorial changes to remove ambiguities

Why -18?

- ▶ Changes requested by WG: Limited Link Format
- ▶ Adapting to changed ecosystem: no dependency on links-json
- ▶ Reviewer comments: 2.04 on Simple now means all is well
- ▶ Findings from plugtest: link-local IPs make unportable URIs
- ▶ Editorial changes to remove ambiguities, Shuffling back sequence since groups are less text now

. . . as always, see change log for a more detailed list

Next steps

WGLC?

How about CoRAL?

-17 was inconsistent about allowed formats. Options:

- ▶ Describe lookup only for link-format (done in -18)

- ▶ Phrase it to allow CoRAL

How about CoRAL?

-17 was inconsistent about allowed formats. Options:

- ▶ Describe lookup only for link-format (done in -18)
  as we don't know what the other formats would be
  `https://github.com/core-wg/resource-directory/pull/180`
- ▶ Phrase it to allow CoRAL
  interacts unsightly with pagination
  `https://github.com/core-wg/resource-directory/pull/177`
